making it happen for your business

wessexleasing

wessexleasing about us?

15 years of quality and service

Wessex Leasing offers a full range of leasing and financial solutions which can offer many advantages over outright cash purchases for all businesses in the private and public sectors, from sole traders to local authority schools.

Established in 1998, we cover the whole of the United Kingdom and specialise in building long term relationships that can play a key role in your business expansion.

We are uniquely positioned by being an independent funder and broker. We provide the kind of understanding and flexibility the banks and larger finance houses just can't. We're not reliant on external decisions.

We look to develop long term partnerships with our customers built on mutual trust and believe this is reflected in the many companies we have worked with over the years. In order to meet their needs we have built an experienced team of friendly and professional people who are committed to the highest standards of customer service.

for your business

our leasing requirements 3 easy steps

1 Are you a business, store trader or a partnership?

2 Would you like to spread the cost of buying business equipment?

3 Yes...then contact us on **01392 364222** to apply over the phone or online

wessexleasing online...

Work smarter not harder,
our unique software solution
provides **instant decisions** to
finance proposals.

There is no need to go to your high street
bank. We can make instant decisions and
structured payment options, allowing suppliers
to sell capital equipment through alternative
means other than upfront cash payments.

same day decisions

Wessex Leasing makes this easy by offering:

- Assistance with consumer credit licence.
- We actively promote your business through mail shots to all existing Wessex Leasing customers.
- We can help you sell the leasing option to your customers.
- Straight forward easy to use documentation.
- Experienced staff.
- Same day payout on receipt of correct documentation.

Whatever your business
call us now on **01392 364222**
to receive your own
personalised leasing rate calculation.
